This leads you to the following interface: Please fill out the blanks and follow the instructions.

Notice
The username should contain only letters without blank spaces or symbols.
## 2 Proposal Steps

### 2.1 Navigation

After the registration process the application can be edited. The navigation aids will guide you through the application process.

At the «Proposal Sections» you will find all the necessary steps to complete your application.

With the help of the «Support Links» you can get back to website «Swiss Lung Association» or you can contact us.

These navigation tabs guide you through the application process.
2.2 Title Page

Please enter the title of your research on the website in the space marked below:

2.3 Enable Other Users to Access this Proposal

In this step, you specify who else must have access to the documents and which Permissions this person has. It is predefined that the Main applicant has to enter his own function and rights (Role: Applicant / Permission: Administrator).

After that you can add any person by entering the email address in the following box:

If an email address has been entered it will be listed as shown in the picture below:

It is important that the appropriate rights are assigned here as well.

Notice
To enable your co-investigators, department or grants administrators to receive system notifications, add them with at least "View" access below and check the box «Auto Notify»
2.4 Applicant / First Author

In this section the profile must be generated. Please select the checkbox «add» in the register Institution & contact Info:

* Notice
  Please note that in the box «Institution Name» the words «No institution available» must be written exactly, otherwise you cannot select the correct item later on the next page.
Please search and select applicable institution for your profile by using the search filters provided. If you do not find your institution in the search results, then select «no Institution Available" in the lower half of the screen.
